Subject: License renewal for CIAgent

Dear Mr. Parker:

Thank you for your interest in renewing the license for the product "CIAgent." We received and reviewed the renewal information submitted and it meets the regulatory requirements. Enclosed is your license for the Oil Spill Clean-up Agent "CIAgent." Unless revoked for good cause, this license is valid until December 31, 2014.

Please be aware that licensing of a product as an oil spill clean-up agent by the Office of Spill Prevention and Response in no way constitutes an endorsement by the State of California nor necessitates that the product will be used at the time of a spill. Until and unless any pre-approvals apply, please be advised that the appropriateness of product use will still need to be assessed on a case-by-case basis at the time oil is released into the waters of the State and will be contingent upon approval by the Administrator of the Office of Spill Prevention and Response and the Federal Regional Response Team, Region IX.

Should you have any questions or need any additional information regarding the licensing of your product, please contact Ms. Ellen Faurot-Daniels of my staff at her office phone number (831) 649-2888 or by email at efaurotd@ospr.dfg.ca.gov.

Sincerely,

Stephen L. Edinger
Administrator
