Re: Disposal of Solidified Oil

Dear Mr. Koons:

In response to your e-mail regarding disposal of solidified oil at one of our facilities, I refer you to our Special Waste Policy which is available on DSWA's website at [www.dswa.com](http://www.dswa.com). Any decision as to whether to accept material would be made on a case-by-case basis. In addition to the standard TCLP testing, DSWA would typically require BTEX and TPH as well. The material would need to be from within the State of Delaware, as DSWA does not accept out-of-state waste.

Should you have any questions about a specific site, DSWA would be happy to discuss this matter further with you.

Yours truly,

Anne M. Germain, P.E., BCEE  
Chief Engineer
